Sangamner College, Sangamner | Sangamner Maharashtra India

Computer Science , Bachelor of Science | Mar.2018 -
Mar.2020

Score: 63%

Minskole Institute | 6 month

Software Testing , (Automation) | Jun.2022 - Present

In this course, I have learned **Cypress** & Designed Test cases, and resolved defects for developing end-to-end testing solutions. Reporting bugs and following bug life cycle. Reporting the status of testing progress, and issues to the team lead on weekly basis.

Courses & Certifications:

1. Certified Automation Testing Engineer | Udemy
2. Cypress Automation Testing - Zero to Hero | Udemy
3. Javascript Mastery (DOM, OOP, Object Models) | Udemy

Projects:

1. Myntra, Ajo - Product Search Testing Scripts | Cypress.js
2. Amazon - Add to Cart automation script | Cypress.js
3. MySQL Database testing | MySQL
4. Responsive Website Design | HTML, CSS, JS

Self Motivated Automation Tester,
Who is able to adapt Test planning,
Test Design & Test Execution.
Seeking an opportunity to work in a
challenging environment to prove
my knowledge of **Cypress** Testing,
Automation Testing & API Testing. I
am a quick learner looking for
research opportunities to utilize my
skills for the organization's growth.
